UK INDEPENDENCE PARTY MEMBERSHIP APPLICATION FORM

Extract from Party Constitution:

2.1 The principal aim of the Party is that the United Kingdom shall again be governed by its own Parliament in Westminster, which must be directly and solely accountable to the electorate of the United Kingdom. Continued membership of the European Union is incompatible with this principle. The Party will therefore campaign for the UK's withdrawal from the EU, by repeal of the European Communities Act of 1972....

2.3 The Party will be guided in its activities by the principle of non-discrimination and will seek support of all persons entitled to British Citizenship and of resident foreign nationals that share its aims.
